**Dr. Asagbra Yemisi List of Publications and Books**

Okorie P.C and **Asagbra, A.E** (2008). Oxytetracycline production by mixed culture of *Streptomyces rimosus* and *S. vendagensis* in solid – state fermentation of cassava peels. *Journal of Industrial Research & Technology* Vol 2(1) : 43-47

CONFERENCE PROCEEDING PAPERS

The Nutritional Composition of Dried Mushroom From Cassava peels. The 12th Triennial Symposium International Society for Tropical Root Crops-Africa Branch (ISTRC-AB)

osmotic dehydration of different fruits. Proceedings of 33rd Annual conference of Nigerian Institute of Food Science and technology, October 12-16, 2009, Yola.

SEMINARS PAPERS / RESEARCH REPORTS/ TRAINING MANUALS

- Upgrading the local technology of Ogiri production (a food condiment) (September 2009). Research report. 54pp
- Upgrading the local technology of Ogiri production (a food condiment) (May 2009) Seminar paper. 14pp
- Development of a technology for the local production of oxytetracycline (May 2008) Research report. 27pp
- Upgrading the local technology of ogiri production (a food condiment) (Sept 2008) Seminar paper .14pp
- HACCP quality systems for some FIIRO products. (March 2008). Lecture paper. 8pp
- Enhancement of tetracycline production using Streptomyces sp OXC1. (July 2004) Seminar paper. 7pp
- Implications of aflatoxin contamination in some West African cereals. (May 2002) Seminar Paper 43pp
- A practical guide to Soy- ogi producers using the HACCP principles (2001). 33pp
- Studies on some indigenous agricultural wastes as resources for oxytetracycline production( 2001). Seminar paper 17pp
• Development of a technology for the local production of oxytetracycline. (May 2000) *Seminar report*. 9pp

• Production of bacitracin a feed antibiotic (1998). *Seminar paper* 5pp

• Wine production from fruits (1995) --- *A review* 7pp

• Production of Table wines from Nigerian fruits and vegetables (1991). *Research report* 14pp
